⚙️ BUSINESS SECTOR

With a growth rate of over 10% per year for the past 30 years, Cotral Lab, the world leader in custom hearing protection, was awarded the “Factory of the Future Showcase” label in 2019.

Cotral Lab designs, manufactures, and distributes three lines of custom-made products:

Custom hearing protection, the company’s core expertise since 1992

Safety prescription eyewear, launched in 2020

Communication systems adapted to critical and tactical environments, introduced in 2021

Over 2 million users wear Cotral Lab PPE while working in challenging environments such as heavy industry, homeland security, defense, and aerospace, from large corporations to small and medium-sized businesses.

Every year, 30,000 companies choose Cotral Lab to:

Protect the health of their professionals with comfortable and easy-to-use products

Ensure 100% mission safety

Make life easier for employers with solutions that are easy to deploy, effective, and cost-efficient

Cotral Lab has 250 employees across 4 continents and a turnover of €50 million, with 25% generated from exports.

Cotral Lab: custom technology serving the health and safety of professionals.
